Walk leader: Paul M 07837 048180

Contact: Walk Leader

---

### ***Finding the start of your walk***

Start and meeting points include nearest postcode and an Ordnance Survey grid reference accurate to 100m. See OS maps for an explanation of how to use grid references. [www.osmaps.com](http://www.osmaps.com)

Use postcodes with care: in rural areas the nearest postcode may be some distance from the actual start point.

For w3w references go to [www.what3words.com](http://www.what3words.com)

### **Walk Grades**

- **Leisurely** - walks for reasonably fit people with at least a little country walking experience. May include unsurfaced rural paths. Walking boots and warm, waterproof clothing are recommended.
- **Moderate** - walks for people with country walking experience and a good level of fitness. May include some steep paths and open country, and may be at a brisk pace. Walking boots and warm, waterproof clothing are essential.

- **Strenuous** - walks for experienced country walkers with an above average fitness level. May include hills and rough country, and may be at a brisk pace. Walking boots and warm, waterproof clothing are essential. People in doubt about their fitness should contact the organiser or leader in advance.

### **Please Note**

- Walk gradings are provided as a general guide only. If you have any doubt about your fitness for a particular walk please contact the organiser or leader in advance.
- Bear in mind the distance of the walk, regional differences in terrain and the possibility of bad weather, which can make a walk more difficult than planned.
- If you're unsure of your fitness level, try a short and easy walk first - it's much better to find a walk a little too slow and easy than to make yourself miserable and exhausted.
- Leaders may refuse to accept participants who in their opinion are inadequately equipped or unfit.

### **Join the Ramblers today**

Not already a member then why not join us today at <http://www.ramblers.org.uk>.
