VE Day celebrated in style!

Amanda and Pete Oxley of the Red Lion pulled out all the stops to transform the pub and provide an excellent atmosphere to celebrate the 80th anniversary of VE Day. All the windows were taped against blast, sandbags by the main door, union flags inside and out, and various displays inside:

- Photos and information from the Marsworth Archive
- Drawings of medals by the children of Marsworth School. The children have now received a medal themselves for their art display.
- A mortar in the fireplace and a grenade amongst the bottles behind the bar.
- 1940s songs downloaded by Dave Barratt and sung by Jennie Dellow.
- People were encouraged to wear appropriate clothing of the 1940s wartime period, and many turned up in headscarves, dungarees, cloth caps, etc.
- A jeep was kindly provided by Rod Biggerstaff, while Andy Howell loaned the mortar and hand grenade.
- A recorded air raid siren sound could be pressed at the bar, which was a very sobering sound.

Amanda says, "The atmosphere was amazing, the fish and chips we were told were 'the best we have ever had'".

Editorial

By Sandra Costello

So much seems to be going on at the moment, and it is a pleasure to be able to report on these local events in the newsletter: the Fun Run, VE Day celebrations at The Red Lion and the amazing gathering of bikers for the Distinguished Gentlemen's ride recently. The sound of the big bikes revving up before departure was so unusual in our usually quiet village, but there was nothing sinister about it, and the general atmosphere was of a very well organised event and the keynote seemed to be 'good manners' - and general cheerfulness.

Next month's main event will of course be the Steam Rally, and then we have the Flower Festival to look forward to. Marsworth is really quite a 'happening' place!

More details of the Flower Festival will be coming soon, but if you are into flower arranging, or would like to know how to, do note the fund-raising poster on page 15. It should be an inspirational occasion.

We are grateful to Nick Webb, whose people are doing such great work at the White Lion, for supplying regular updates on what is going on there.

All Saints Church

From the Vicar,
James Grainger-Smith

This year the Feast of Pentecost (or, as it used to be called, Whitsun) falls on 8th June.

Pentecost recalls the coming of the Holy Spirit on Jesus' disciples and it is described in the Acts of the Apostles. Often much is made of St Luke's talk of the sound of a rushing wind, tongues of fire and the ability to speak in other languages. But here's what my favourite Franciscan, Richard Rohr, has to say on the subject:

"Unity is not the same as uniformity. Unity, in fact, is the reconciliation of differences, and those differences must be maintained. We must actually distinguish things and separate them, usually at a cost to

ourselves, before we can spiritually unite them (Ephesians 2:14–16). Perhaps if we had made that simple distinction between *uniformity* and *true unity*, many of our problems, especially those of overemphasised, separate identities, could have been overcome. The great wisdom of Pentecost is the recognition through the Spirit of an underlying unity amidst the many differences!

Paul already made this universal principle very clear in several of his letters. For example, "There is a variety of gifts, but it is always the same Spirit. There are all sorts of services to be done, but always the same Lord, working in all sorts of different ways in different people. It is the same God working in all of them" (1 Corinthians 12:4–6). We see this beautiful diversity and yet unity in the universe itself - from Latin, *unus + versus*, "to turn around one thing."

So we are not seeking some naïve "everything is one." Rather, we seek the hard fought and much deeper "unity of the Spirit which was given us all to drink" (1 Corinthians 12:13). We must study, pray, wait, reconcile, and work to achieve true unity - not a foolish and boring uniformity, which is rather undesirable and even unholy. The deeper unity we seek and work for is described by Julian of Norwich when she writes, "The love of God creates in us such a *oneing* that when it is truly seen, no person can separate themselves from another person" or, I would add, any other creature.

So what we might now call *deep ecumenism* is not some form of classic pantheism or unfounded New Age optimism. It is the whole method, energy, and final goal by which God is indeed ushering in an ever recurring "new age" (Matthew 19:28).

What was "unveiled," especially with the pandemic five years ago, is that *we really are one*. We are one in both suffering and resurrection. Jesus' final prayer is that we can consciously perceive and live this radical union now (John 17:21–26). Our job is not to discover or even

Marsworth Fun Run 2025

As many of you know, the Marsworth Fun Run takes place on the second Sunday in May. The scenic but tough course takes runners along canals, through fields, up hills, through a wood and between reservoirs.

This event has been held every year since 2015 (except for 2020 due to Covid) so we celebrated our 10th anniversary this year - and we did it in style...

For this special year, we designed a beautiful, environmentally friendly, wooden medal, made by a local company. In previous years, finishers received chocolate or cookie medals (which were tasty but difficult to keep as a memory). The new medals were such a huge success that we hope to use them in the future ...

Matt and Elysia, Marsworth's own talented musicians, entertained live at the finish line to make it a real celebration. It was magical! Thank you Matt and Elysia!

Matt and Elysia

To our astonishment, the Fun Run places were sold out before the run took place on 11 May and we had to close entries four days before. 213 runners took part on this beautiful sunny day.

To get an event like this working smoothly on the day, we need many helpers. This year it was over 50. It is wonderful that so many people come forward to volunteer their time to help out with this fantastic community event.

To mention a few:

- Gavin Merrylees – it was your idea and it always will be! Your enthusiasm and dedication are admirable.
- Jim Sheils and James Kennedy - you made sure that no one got snagged by overhanging branches or thorn bushes around the whole 10k course. That's a huge job!
- Heather Harris and Erica Carter from JogOn – It's always a fun warm-up – some call it a comedy show!
- Gareth Owens – your commentary for the runners as they come up the hill to the Church is inspirational.
- Tea ladies and cake bakers – utterly delicious cakes and served with a big smile!
- Marshals on the course – you look after the runners and keep them safe while cheering them on.
- ALL helpers – you turn up, perform your job with great enthusiasm and make it fun for all the runners.
- Family and friends of the runners – you know how to cheer!
- Runners! – Well done and keep on running!

Tea ladies

Thank you all for your contributions. You put the FUN into the Marsworth Fun Run!

GENTLEMEN'S RIDE: The Distinguished Gentleman's Ride Tring on Sunday 18 May was a fantastic success, raising more than £22,000 for Prostate Cancer research.

It started at the Red Lion in Marsworth, where many villagers turned out to wave the riders off after their breakfast and then see them return at lunchtime.

Most of the motorcyclists were dressed in dapper outfits – tweed jackets, polished boots and the like - and people came out to watch them and wave in Tring, Berkhamsted, the Ashridge estate and Ivinghoe and Pitstone.

Luke Stockbridge said: 'What a great day. The highlight for me was the old people's home in Tring where they were all out waving, along with everyone else. Such a beautiful, friendly day.'

The cheery event, organised locally by Steve Hamilton as part of a worldwide initiative, featured 164 riders on everything from vintage and classic motorbikes to mod-style scooters. Rider Mark Smith, on a Royal Enfield Classic 350 Signals, raised the most at £1,187.

ART TRAIL: The Rowsham and Wingrave Area Art Trail runs from June 7 to 22, featuring 20 artists in five venues showing a wide range of creative skills - pottery, sculpture, printing, textiles, painting, pastel drawings, fused and stained glass, metal and woodwork.

Venues include Field View, Castle Street, Wingrave, where 13 artists including Marsworth's Carrie Kearsay, will be exhibiting their work from June 13 to 22 from 10.30am to 5.30pm.

Distinguished Gentleman's Ride - 2025

Sunday May 18th saw the second running of the Distinguished Gentleman's Ride (DGR) Tring. The DGR is a global event of over 100,000 riders on classic motorcycles, dressed in 'dapper gear'. It's held in 1,000 cities, with the rides taking place on the same day, raising funds for men's health charities. All money raised goes to Movember, who support Prostate cancer research, and men's mental health.

The DGR has been running for 12 years, and has so far raised over 50 million US Dollars.

The Tring ride was based at The Red Lion in Marsworth, and had 162 entries. In fact, the ride had hit entry capacity well before the event took place. The ride is hosted by the Chiltern Section of the Vintage Japanese Motorcycle Club (VJMC). The VJMC supplied the majority of volunteers and marshals for the ride, and I would like to thank them, and all the other volunteers for their help.

The VJMC are regular visitors to The Red Lion, and have their club night on the first Thursday of every month at 7pm.

The riders departed at 11am, and set off on a 22-mile route, which included Tring High Street, Cow Roast, Northchurch, Berkhamsted High Street, Ashridge House, Little Gaddesden, Ivinghoe Beacon, Ivinghoe, Pitstone, and of course Marsworth, before returning to the Red Lion.

The ride ran like clockwork. Hundreds of spectators lined the route to cheer on the riders, and other road users were very patient with the ride. It was really encouraging to see so many spectators supporting the ride. It gave the riders a real boost! The ride was led by joint ride leaders Karen Bristow (BikerKaz) on her Triumph, and Danni Gibson (BeMyBabyDanni) on her Vespa. They both did a great job.

Our hosts at The Red Lion, Peter and Mandy, did a wonderful job hosting the event. Parking over 150 motorcycles was quite a challenge, but we managed it with their help. They also managed to keep everyone fed and watered with an excellent breakfast and lunch menu.

With the car park exclusively full of motorcycles, we are also very grateful to Gilbert Grace for providing parking for cars on his grounds.

The primary sponsor of the Tring Ride, White Dalton motorcycle solicitors, set up on the green opposite the pub, and had plenty of free gifts and offers on the day.

Fundraising is done via the DGR website. If you were watching the ride, enjoyed it, and would like to donate, you can do so by using this link:-

<https://www.gentlemansride.com/rides/england/tring>.

The Tring ride has so far raised well over £22k, for which we are very grateful. The donation link is open until early June, so please consider supporting the cause.

Look out for the DGR 2026. Sunday May 17th..

Thanks to Will Adams of Long Marston for this great aerial shot - from *Everything Marsworth*

What is the Distinguished Gentleman's Ride?

- The Distinguished Gentleman's Ride is an annual international charity event which unites classic and vintage style motorcycle riders all over the world to raise funds and awareness for prostate cancer research and men's mental health.
- The DGR was founded in Sydney, Australia, by Mark Hawwa. Inspired by a photo of TV show *Mad Men's* Don Draper astride a classic bike and wearing his finest suit, Mark decided a themed ride would be a great way of connecting motorcycle enthusiasts and communities while raising funds to support the men in our lives.
- On Sunday May 18th 2025, hundreds of thousands of distinguished gentfolk in a thousand cities worldwide will don their cravats, tweak their moustaches, press their tweed and sit astride their classic and vintage styled motorcycles to raise funds and awareness for men's health, specifically prostate cancer and men's mental health programs.
- Movember has been the official charity partner of The Distinguished Gentleman's Ride since 2016.
- Registered riders must take part on classic and vintage inspired motorcycles, dress in-theme, fundraise and ride on the same day all around the world in a global display of community and awareness for men's health.

From the Bucks Councillors

Peter Brazier and Chris Poll

At the elections held on 1st of May 2025, the resultant vote count for each candidate was as follows:

Peter Brazier (Conservative)	1105 (Elected)
Chris Poll (Conservative)	1081 (Elected)
Harry Murgatroyd (Labour)	735 (Not elected)
Trish Owen (Labour)	679 (Not elected)
Andrew Eaves (Reform)	635 (Not elected)
Amanda Trayte (Reform)	630 (Not elected)
Johanna Wheeler (Green Party)	372 (Not elected)
Michael Culverhouse (Green Party)	369 (Not elected)
Andrew Cole (Liberal Democrats)	332 (Not elected)
Jeremy Leonard (Liberal Democrats)	226 (Not elected)

Peter and I are both pleased to have been re-elected to Buckinghamshire Council for the Ivinghoe ward.

You now have two-member representation at Buckinghamshire Council, and I would like to pay tribute to Derek Town who stood down after 10 years' service at both AVDC and Buckinghamshire Council. Derek served you well and at one point was my go-to when I needed cover for absentee members at meetings. Particularly with his role on the planning committee his experience will be missed, and we wish him well on his retirement from his local government role. With Peter and I having served the previous four years, we are well versed in the current issues and challenges and will continue to work tirelessly on behalf of all residents. Our good relationship with all seven parish councils* will continue and we will undertake again to attend all Parish Council meetings over the term. This amounts to nearly 100 per year.

As I write this, the council is under 'no overall control'; we both await which party or group will be taking charge of the executive. The outgoing administration undertook to further reduce costs, not only by the reduction of member numbers but also reducing Councillor allowances by at least 10% across the board and in some cases more than this. Staff pay has been increased by more than inflation for the lower pay bands. These pay awards are always conducted with staff union representation and over my time on AVDC and now BC, relationships have been good. Finances remain under strain, partly due to the Chancellor's decision to raise NI which has an impact on an employer like BC.

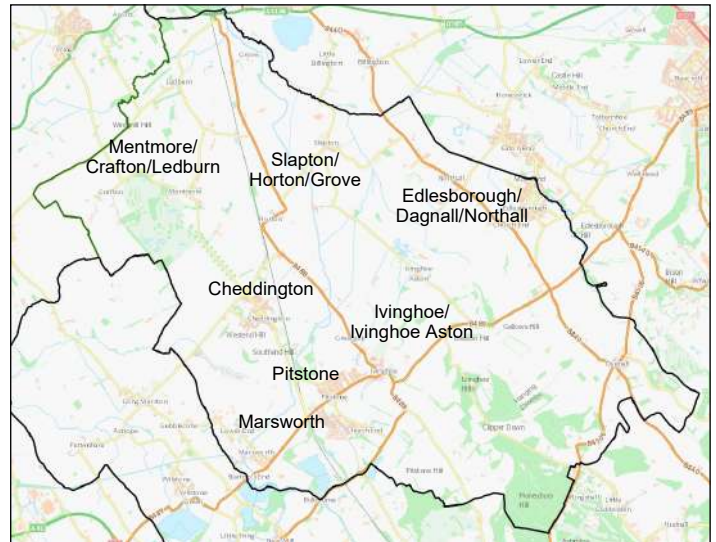

We await to see what the new administration will bring and in the meantime our ward work will be unaffected. If you need to get in touch, we attend every parish council meeting across the ward, or you can of course email:

Marsworth C.E. Infant School

June 2025

I cannot believe we are in the final term of the year...and what a busy one it's going to be!!

For many years now, we have been working on embedding our school's vision of **'Teach children how they should live, and they will remember it all their lives'** so it is rooted in everything we do from the teaching and learning, to developing life skills and independence, to fostering the children's curiosity and supporting them on their journey to becoming respectful and compassionate young people. We are passionate about developing the whole and uniqueness of each and every child who attends our school. This is important for the children themselves to understand and apply. To make it easier we have created a short strapline that defines our vision. It is **Learn, Live, Remember**.

Admissions

I am delighted to announce that we are now able to take children from their third birthday. After Easter we welcomed two new nursery pupils who have settled really well in to life at Marsworth School. We really hope that this change will allow some parents of three-year olds in the local area to access nursery provision at the school, therefore giving these children a strong start to their Early Years provision in school.

We believe that interacting with three-year olds will be a benefit to our pupils currently in nursery, in terms of their Communication and Language skills and their Personal, Social and Emotional development.

If this is something you're interested in and would like to know more, please do contact the school office on 01296 668440 or office@marsworth.bucks.sch.uk. We are very much looking forward to welcoming more new children to our lovely little school.

EVENTS

Spirituality Day

In February we held another spirituality day linked to Windows and God's Good Earth. The day started with a couple of thought-provoking questions. 'Should we be thankful for God's good Earth? And 'Are we spoiling God's beautiful creation?' The children watched a video clip from the Sir David Attenborough programme, 'Wonderful World'. This then followed with plastic pollution. The children created art work using different forms of plastic. A variety of stories were also read. A day of reflection was had by all.

We have another spirituality day planned for the second half of the summer term. We are then hoping for the work to be displayed in the Church for all to see.

National Science Week

In March, the children took part in National Science week with a theme of 'Change and Adapt'. This tied in nicely with our spirituality day as we focused on the 3 R's - Reuse, Reduce and Recycle.

The children recycled milk cartons and made them into plant holders. They created a bottle puppet which had special change and adapt powers. The children learnt about the importance of recycling and the impact it has on the local and wider environments. They also created some recycling posters.

VE Day

At the beginning of the summer term the children in KS1 learnt about VE Day and why it is important to remember and celebrate it. The children designed a medal for this and wrote a blurb explaining their design. These were then displayed in the Red Lion pub for all to see.

UP 'N' COMING EVENTS

Father's Day Service

This year we have decided to hold a special service for Father's Day. It will take place in the Church on Friday, 13th June at 2.30pm. It is a chance for the children to think about their fathers or any males who have played a significant importance in their lives, such as grandfathers, uncles or even older brothers.

Sports Week

This year our annual sports week will take place in the week of 16th June. The children will be taking part in different sporting activities each afternoon. Please could children wear the **correct** school PE kit every day. More information will follow shortly.

Sports Day will take place in this week on Tuesday, 17th June. Due to so few pupils we have decided to hold it at school, on the field.

Pirate Day

We are very much looking forward to holding a pirate day in KS1 in July. The children have already started their learning on the topic. The pirate day will consist of 'History off the Page' visiting the school for the day.

Cake Sale

On Wednesday, 16th July we will be holding our final cake sale of the year.

Parking

Could I please just take this opportunity, again, to remind/ask everyone, that on a Wednesday morning, cars are not parked opposite the yellow zigzag lines, therefore allowing the other traffic to pass whilst the coach is parked and waiting to take the children swimming. Hopefully this will avoid any unpleasant confrontations. I have also asked parents to do the same. Thank you for your support in this matter.

White Lion update

Work continues with the internal and external reinforced concrete retaining walls. These should be complete by the end of May.

Buckinghamshire County Council have now issued a scaffolding licence, so this should be erected by the time you read this. The concrete roof tiles will then be removed and disposed of. The chimney will be repaired and re-pointed.

The rotten facias and soffits will be replaced along with some of the timbers forming the main roof structure. The loft space will then be insulated.

A natural slate roof covering will then be installed, just as it was when the building was originally built.

Ticket Fraud

In 2024 in the UK, £9.7 million was lost to ticket fraud. Action Fraud, the national fraud and cybercrime reporting service, has launched a new ticket fraud awareness campaign, warning to be alert to fraudsters trying to catch out people planning for popular and sold-out events.

How to protect yourself from ticket fraud:

- Only buy tickets from the venue's box office, official promoter or agent, or a well-known ticketing website.
- Avoid paying for tickets by bank transfer, especially if buying from someone unknown. Credit card or payment services such as PayPal give you a better chance of recovering the money if you become a victim of fraud.
- The password you use for your email account, as well as any other accounts you use to purchase tickets, should be different from all your other passwords.

Be wary of unsolicited emails, texts or adverts offering unbelievably good deals on tickets.

If you think you've been a victim of fraud, contact your bank immediately and report it to Action Fraud online at actionfraud.police.uk or by calling 0300 123 2040.

Be careful what you bring home from an EU holiday.

Since mid-April, the UK Government has placed a temporary ban on holiday makers bringing home dairy and meat products from the EU in a bid to prevent the spread of Foot and Mouth Disease (FMD). It was seen in the UK in 2001 where millions of livestock were slaughtered, with a smaller outbreak in 2007.

The ban includes any goods packed in luggage, packaged, purchased from duty free and even sandwiches. There have been rising cases of FMD in countries such as Germany, Hungary and Austria.

FMD causes blisters in the animals' mouths and under their hooves, leading to lameness and difficulty feeding. It is not a risk to humans, but the concern is that if animal products fit for human consumption are contaminated and enter the UK they could potentially be eaten by livestock or wild animals if not disposed of securely.

The list of banned foods currently is beef, pork, lamb, mutton, goat, venison, products made from these meats like sausages and milk and dairy products such as cheese, butter and yoghurt.

Fines of up to £5000 will apply to anyone attempting to bring any such products into Great Britain.

French visitor to Marsworth

One late evening in April a visitor arrived in Marsworth. He cycled up to the church and settled down in the lych gate for the night.

Bruno Maffei had cycled from France (his homeland) for a tour of England and by chance had stopped in our village.

A number of passersby saw his bike and trailer parked on Church Lane the next morning and may have noticed his belongings airing in the churchyard.

A few residents had a chat with Bruno, communicating in schoolboy/girl French. Bruno had cycled extensively around various countries but only asked for directions to the Chalfonts from us (avoiding dual carriageways!). The other assistance he wanted was water, sugar and a plug point to charge up his razor.

By mid afternoon Bruno had packed up and he set off for Tring and onwards. Bon voyage Bruno!

Marsworth Ladies

The second meeting of our newly formed Marsworth Ladies was held at the beginning of May. It was lovely to see such an enthusiastic group come together along with a couple of new guests, who we hope will join us permanently. We were expecting to see Ruriko Kojima showing us the art of Japanese flower arranging, but sadly a family emergency took her to Japan instead.

Luckily our speaker booked for July was able to cover for her at the last minute. So we listened to Michael Kerry-White explaining all about the 'Extraordinary adventure of the ancient cultures'. Michael spoke eloquently about how so many inventions were thought of by ancient Greek, Romans, Egyptian and many other civilisations. It's so surprising to discover that things we take for granted now, for example the steam engine, were first thought of thousands of years ago. The talk was interesting, and Michael answered many questions from the ladies.

Now that Josie Kempster has totalled up all the money that was generated by her jumble sale, we find ourselves in a very comfortable financial position that will enable us to go forward together, have fun, book great speakers, and enjoy wine occasionally at our meetings, without being concerned about the bank balance.

The day after the main meeting a group of about 15 went on a much awaited trip to Amazon, at their Fulfilment Centre in Dunstable. I have in the past been to the Arla depot in Aston Clinton, so was expecting to see the use of robots. We arrived and having provided photographic ID to the staff, they made sure we had suitable footwear on, our hair was tied back and no handbags. Security was very strict; my name on the guest list was Chris, but of course on my driving licence, it says Christine, so that was queried. We were then led by a very knowledgeable and friendly lady to where it all happens. Goodness me, there were robots aplenty, looking similar to those lawn mowers that go round indefinitely; they were taking huge cages of goods every which way. They are programmed to seek shelter if a fire should break out; when their batteries are running low, they move to an area where they can be recharged. It's tempting to believe they think! I do hope not!

Amazon Fulfilment Centre, Dunstable

I'm sure you are all familiar with the way Amazon operates, but it was so interesting to see how the orders are picked, packed and correctly addressed, all with the help of a few humans, and some extremely clever software and hardware. The staff seem to enjoy a lot of benefits they wouldn't find elsewhere, including very flexible working hours. If anyone wants to see a football match, for example, they can, and after, return to their task. This is so long as they complete the hours they are expected to do. I would recommend a visit to Amazon to any group, or you can go as a couple. Two joined our group. It was eye-opening, and thoroughly enjoyable.

Our Supper Club this month took us to The Hunters Lodge, Whipsnade. We had hoped to sit in their garden,

but the weather turned a little bit chilly, so we ate inside. A very enjoyable chatty evening for all of us.

We have a trip to the beautiful Chenies Manor and Gardens booked for the middle of June, which I am expecting to be a lovely trip out.

All the clubs are thriving. At Book Club we were given a list of all the books we had read in the last couple of years. Supper Club are looking for venues with a garden for their summer outings, hoping the weather will be good. Craft group continues apace, creating some beautiful things.

Our next meeting on Tuesday 3rd June 7.30 in the village hall, is a Pimm's and Quiz night. I enjoy these informal evenings, when I get the chance to chat to lots of lovely friendly ladies. Do come and join us - you will find a very warm welcome. Just £5 for the evening, which will be deducted from the annual subs if you decide to join.
