25/02087/ATC - Dragons Feld Gurneys Farm Church Lane Marsworth HP23 4LY.

Species - Beech circa 32ft height. 2 - white cherry blossom circa 15ft The roots of these trees are too close to outbuilding. The roots have caused structural damage to the outbuilding and patio area. The trees would probably have been planted after or at the same time the summerhouse was constructed in 1997 and have now grown too large to be situated so close to the building. (position of trees on location map attached) We would like to fell these trees to prevent any further structural issues to outbuilding. Whilst these trees are situated in our back garden which is situated in a conservation area, they cannot be viewed from any highway or public viewpoint within or looking into the conservation area itself. MPC no objection (agreed by email).
Approved 18 Aug 25.

- d) Water Hydrants – do we know where they are? Clerk to write article for Marsworth News.
- e) Litter Picking at Startop Car Park and Reservoir. An unsatisfactory reply received from Canal and River Trust (CRT) Customer Relations following RK's email to the CEO to say that signs had proven ineffective in addressing the issue and were unlikely to endure. Additionally, CRT would not be installing further signage as existing signage was sufficient. CRT asked that should any volunteer groups wish to collaborate with them and contribute to our scheduled hours, they would be most welcome to do so. It was agreed that Clerk would advise the Marsworth litter pickers not to pick around Startop car park and reservoir as CRT do so. If rubbish is identified on CRT land email enquiries.londonseast@canalrivertrust.org.uk with details and photo.
